Computing

Cambridgeshire  
County Council

Dear Parents/Carers

## ICT Subject Inspection

In September of this year OFSTED published its new inspection framework which involves a full inspection of schools at intervals of 3 years, with focused inspections on a smaller scale, which could either be subject or themed based, occurring between full inspection years.

Following our successful full inspection in May last year, we have been informed by OFSTED that they will be visiting the College on Tuesday 2 and Wednesday 3 February to conduct one of the new style subject inspections. There will be one inspector in the school who will focus on the subject of ICT as well as exploring how ICT is used across the curriculum and how it facilitates leadership and management of the school.

The inspection visit will involve observations of lessons, visits to activities, interviews with students, teaching staff and non-teaching staff, scrutiny of school documents, analysis of examination results and internal assessment data and a scrutiny of student work. This subject inspection will not involve a survey of students or parents and it will not involve interviews with Governors or the Local Authority.

There are so many things as a College that we should be proud of and, as ever, we are aware of the areas where we need to improve. This inspection will support us on our journey of improvement, raising the achievement and aspirations of students. We are looking forward, as a College, to receiving this inspection following the record results this summer and with some elements of ICT being recognised locally and nationally as good practice.

If you have any questions or queries about this inspection please do not hesitate to contact the College.

Yours sincerely

Mr T J Hitch  
Principal
