2 October 2009

Dear Parents

Re: Year 11 Family Learning Workshop

This is an extremely important year for your child, in 8 months time their GCSE examinations start and all their hard work over the past 5 years will lead to well deserved qualifications. In 2009 70% of students left year 11 having achieved 5 or more A*-C or equivalent GCSE grades. These students have now moved on to further education courses at college or at our own sixth form centre. students had some level of success which has now provided them with new opportunities. The next 8 months will challenge and reward your child. Each piece of work they complete is a step closer to success. This success can only be achieved by the continual hard work of students, educators and importantly parents.

The college would like to invite you and your child to a Family Learning Workshop on **Wednesday 21 October**, to be held in the **Dining Hall** at **7pm**. Our aim for this evening is for you to increase your understanding of the pressures, challenges and rewards of year 11. The main focus of the evening is to experience proven methods that have increased student success and launch an effective support network for the future.

We hope that this will prove to be a highly beneficial evening for yourselves and support you in supporting your child this year. We look forward to seeing you on 21 October.

Yours Sincerely

Craig D'Cunha
Vice Principal
