Dear

Re: Year 11 Family Learning Workshop

Following the success of the last parent involvement evening where we looked at revision techniques and mock examination preparation, we are holding the next session which we are now calling family learning workshops (FLoW). This session will focus on the organisation skills, learning styles and more hands on activities to help parents support their children's learning.

You will have an opportunity to:-

- Determine your own learning style
- Explore methods to increase understanding through your learning style
- Examine ways to improve organisation
- Learn from last years successful students and their parents
- Purchase subject specific Revision Guides

The college would like to invite you all to a family learning workshop on **Tuesday 2nd December 2008**, to be held in the **dining hall** at **7pm**. Our aim for this session is for parents and students to work together to increase understanding of the pressures and challenges of organisation. The main focus of the evening is to experience proven methods that have increased student success.

We hope that this will prove again to be a highly beneficial evening for you all. We look forward to seeing you on the 2nd December. We would appreciate it if you could reply by email at examoffice@neale-wade.cambs.sch.uk.

Yours Sincerely

Craig D'Cunha
Assistant Principal
